ANNUAL REPORT 2020

DEFINED CONTRIBUTION PLAN

The contributions to defined contribution plans includes the Company participation in the Merchant Navy Officers Pension Fund (MNOFP). The MNOFP is a defined benefit multi-employer plan, which is closed to new members. The fund is managed by a corporate Trustee, MNOFP Trustees Limited, and provides defined benefits for nearly 23,447 (2019: 25,688) Merchant Navy Officers and their dependents out of which approximately 29 (2019: 90) are SBM Offshore former employees.

The Trustee apportions its funding deficit between Participating Employers, based on the portions of the Fund's liabilities, which were originally accrued by members in service with each employer. When the Trustee determines that contributions are unlikely to be recovered from a Participating Employer, it can re-apportion the deficit contributions to other Participating Employers.

Entities participating in the MNOFP are exposed to the actuarial risk associated with the current and former employees of other entities through exposure to their share of the deficit those other entities default. As there is only a notional allocation of assets and liabilities to any employer, the Company is accounting for the MNOFP in its financial statements as if it was a defined contribution scheme. There are no contributions to the plan agreed at present.
